

## Upload Instructions for 4-Page Proceedings Papers

Authors of contributed oral and poster presentations are expected to upload a 4-page paper to be published in the on-line conference proceedings. A template for the 4-page paper is available in both .rtf and LaTeX format. The paper must be uploaded in pdf format. Note that the 4-page limit is strictly enforced and contributions exceeding this limit will not be included in the proceedings.

The deadline for submission of the 4-page proceedings paper is the last day of the conference: 1 July 2022.

Below follow detailed instructions on how to upload your 4-page proceedings paper. The 4-page paper must be uploaded to the indico platform of the conference, that is where you have also uploaded your abstract.

On your web browser navigate to <https://indico.fusenet.eu/event/28/> and login to your fusenet account.

The 48th European Conference on Plasma Physics (2022) will be held as an online meeting from June 27 to July 1 2022. This annual conference covers the wide field of plasma physics including magnetic confinement fusion, beam plasma and inertial fusion, low temperature plasmas, and basic, space and astrophysical plasmas.

Please find:

- information on the venue [here](#).
- register for updates on the conference [here](#).
- information on the 2021 conference.

Looking forward to welcoming you in our online conference environment.
